- ✚ If you are a registered nurse who wants to move and work in the U.S. to take your career to the next level, we can help!
- ✚ In our Care for your Dream program, we help you obtain your U.S. nursing license and meet all the requirements to obtain your Green Card.
- ✚ Based on your skills, you apply for a job position in an American healthcare organization. Then our team of global experts can guide you and your family in each step of the immigration process and relocation.
- ✚ At Visa Solutions, we take care of your American dream like you take care of your patients.

What is a Green Card?

- The EB-3 visa or Green Card is your golden ticket to the United States.
- Officially known as a Permanent Residence Card, this document will allow you to legally immigrate, enjoy all the benefits of living in the U.S. and live your American Dream.
- Green Cards are valid for an initial period of ten years and can be renewed for subsequent ten-year terms.
- After residing for five years in the United States, you may become eligible to apply for American citizenship.
