The Induku Group in strategic partnership with Visa Solutions strives to change lives and make a contribution to America by helping companies that cannot find enough qualified local talent, connect with some of the most loyal and professional individuals from all over the world.

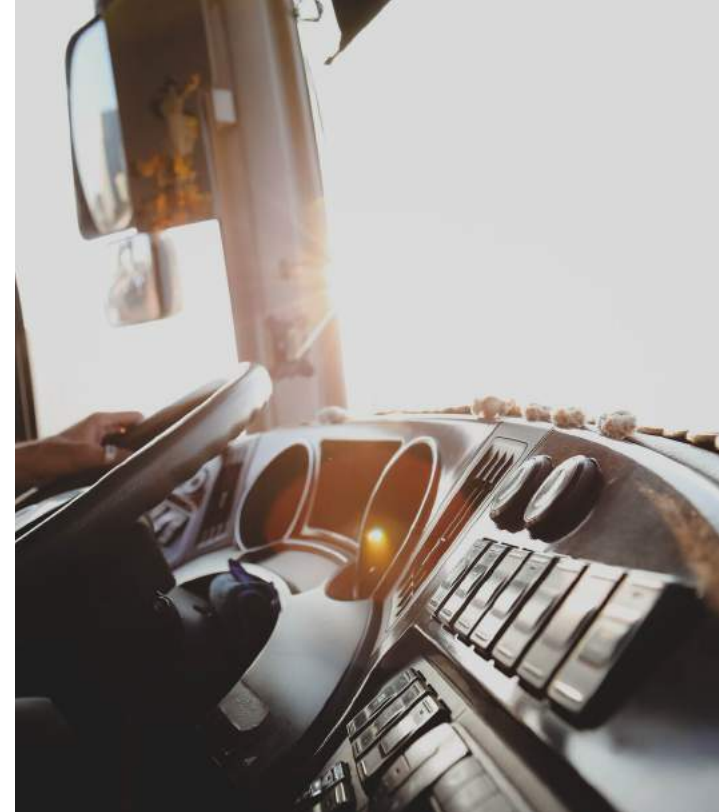

THIS IS WHERE YOUR JOURNEY BEGINS!

The United States needs people like you! Many companies are starving for talent because they cannot find enough qualified people to meet their hiring needs. That's where we come in!

We believe that good, honest, professional people should have the opportunity to improve their lives and build their own American Dream.

This is why we are excited to offer you and your family the opportunity to live, work, and prosper in the United States by obtaining an Employment-Based Immigrant Visa (Green Card) through our Driving Your Dream Program.

WHAT IS A GREEN CARD?

A Green Card is your golden ticket to the USA . Officially known as a Permanent Resident Card, this document will allow you to permanently move to the United States, work for your sponsoring employer and start living your American Dream.

With a Green Card, you can enjoy almost all the benefits that a USA citizen has apart from voting. World-class education, strong national economy, ethnic, geographical, and climatic diversity.

Green Cards are valid for an initial period of ten years and can be renewed for subsequent ten-year terms.

After residing for five years in the United States, you may become eligible to apply for American citizenship. If you are interested in becoming a USA citizen, Induku Group in partnership with Visa Solutions can also help you with this process.
